<p>5. Case CW 24-09 – City of St. Petersburg</p>	<p>Motion: Alicia Parinello Second: Marcie Stenmark</p>	<p>12-0</p>
<p><u>REGULAR AGENDA ITEMS</u> B. <u>CPA Actions and Forward Pinellas Administrative Review Items</u></p>	<p>Rodney Chatman advised the committee members that there were four cases approved by the Countywide Planning Authority on February 20th. This included the John’s Pass Village Activity Center. He advised that two Tier I Countywide Plan Map amendments were administratively approved by staff for Pinellas County and Pinellas Park. Lastly, he stated that there were no map adjustments processed during this period.</p>	
<p>4. <u>PLANNING TOPICS OF INTEREST</u> A. <u>Property Appraiser Process for Permits – Multi-Parcel, Splits and Combinations</u></p>	<p>Rodney Chatman reminded the PAC members that in 2016, the PAC requested Forward Pinellas staff to contact the Pinellas County Property Appraiser’s Office (PAO) to determine the feasibility of improving the parcel-dividing process which ultimately led to revisions being made to the PAO parcel split/separation request form. Because, since that time, the PAO has further revised the form, the PAO reached out for an opportunity to have a discussion with the PAC members to learn more about the local processes to look for additional areas for improvement. Sara Howard, the PAO’s Assistant Director of Land Records led this discussion. Specifically, it was discussed whether the PAO or the local government should be the first to approve a parcel split or combination and the best methods for conveying those approvals to the other party. Overwhelmingly, the PAC members felt the local governments should be the first to review and approve an application. Additionally, the members felt it was important for the forms themselves to contain a place for the local government to sign off on the approval. It was also discussed that there be a process to ensure the same documentation is submitted for both approvals. It was agreed that Ms. Howard would take the information from the discussion back to the PAO for additional refinement of the process/forms. She will bring the item back at the April PAC meeting for further deliberation.</p>	

<p>B. <u>Bike Parking Code Comparison</u></p>	<p>Alexis Hall, Forward Pinellas intern, provided the PAC members with an overview of her research on municipal codes across the United States that leverage bicycle parking strategies to promote alternative transportation and optimize parking infrastructure. Using examples from around the country and locally, she highlighted a variety of codes for reduced auto parking standards that included short-term and long-term bicycle parking, as well as spacing guidelines. Lastly, Ms. Hall cited some emerging trends in bike parking codes. Specifically, she mentioned planning for e-bikes and charging as an emerging need. Rodney Chatman polled the PAC members to inquire how many local governments are employing some of these bike parking strategies. A large majority are.</p>	
<p>C. <u>Legislative Update</u></p>	<p>Linda Fisher reminded the PAC members that the legislative session is scheduled to conclude this Friday, March 8th and that committee meetings are already completed. She advised that most of the bills of interest being tracked by Forward Pinellas have made it through committees and are awaiting votes by the House or Senate. She offered updates on the specific status of a few of those bills including SB 328 which amends the Live Local Act, HB 1221 which creates a new preemption for residential infill, HB 1547/SB 1628 which require business impact statements for land use ordinances, HB 1526/SB 1647 which create a preemption for demolition of coastal buildings, HB 7049 which creates performance measures for MPOs, HB 1487 which makes governance and policy changes to PSTA, SB 280/HB 1537 which limits local government license requirements for vacation rentals, and several bills aimed at expediting building permits.</p>	
<p>D. <u>Map Adjustment Application Form</u></p>	<p>Linda Fisher, referring to the form in the agenda, debuted the Map Adjustment Application form citing the rationale for its creation. She advised that, like the Countywide Plan Map Amendment form, the new form contains a checklist for submittals to assist the local governments. Lastly, Ms. Fisher advised the PAC members that the form has not yet gone live on the Forward Pinellas website to allow member input in advance of doing so.</p>	

5. OTHER PAC BUSINESS/PAC DISCUSSION AND UPCOMING AGENDA

A. Pinellas SPOTlight Emphasis Areas Update (Information)

Rodney Chatman updated the PAC members on the latest activities related to two of the SPOTlight Emphasis Areas. This included:

- **Vision for US 19 Corridor**
Along US 19, single-point interchanges have been built based on a project development and environmental study approved in the 1990s. Upon further discussion with FDOT, consideration is underway to evaluate alternative concepts for the segment north of Nebraska Avenue to the county line to address business concerns about the highway becoming a barrier to access and reducing visibility. One option is to build a viaduct (an elevated roadway over an existing roadway) instead of single-point interchanges. This type of improvement would also offer more visibility and local access to surrounding areas and businesses. If FDOT moves forward with this design, the design of the frontage roads, how much space to include for the at-grade roads, and how the remaining land underneath may be used, are subject to change. This matter will be brought before forward in the Spring. We will begin with the Forward Pinellas Board and then begin community outreach to include the Tarpon Springs City Commission and Palm Harbor residents and business groups. It is our goal to include the design concept in the long-range transportation plan, if possible.
- **Enhancing Beach Community Access**
A request has been made from the Forward Pinellas Bicycle Pedestrian Advisory Committee (BPAC) of the board to ask Pinellas County to consider removal of signs on the Dunedin Causeway that direct bicyclists to "Dismount Bike if Riding on Sidewalk." The sign is in place due to bottle-neck areas on the bridge that place bicyclists and pedestrians in conflict for space. However, the BPAC has forwarded that the signs are not practical in this application due to the significant distance people would have to push their bikes and the unsafe alternative of bicyclists

	entering a traffic lane to avoid dismounting. Forward Pinellas will coordinate a meeting with Pinellas County and Dunedin staff to develop a way forward that everyone can support.	
B. <u>Upcoming Land Use Cases & Pre-App Meetings</u>	Rodney Chatman again stressed the importance of pre-application meetings prior to the formal submittal of land use amendments to ensure a smooth process from the start. He stated that this seems to be happening more consistently now and it seems to be improving the process for all involved parties.	
C. <u>Interesting Topics from Your Planner's Notebook</u>	Rodney Chatman explained that at the recommendation of the new PAC Chair, Matt Jackson, Forward Pinellas staff is looking for ways to engage the PAC members with one another to provide learning opportunities. To that end, Mr. Chatman outlined a new recurring agenda item called the "Planner's Notebook" that will allow members to elaborate each month on topics or ideas from each local government's perspective. Additionally, Mr. Chatman advised that Forward Pinellas will be hosting a lunch and learn with the PAC on April 1 st just prior to the regular meeting. This will offer an opportunity for newer members to gain some orientation, while also allowing for some team building among all the members.	
6. <u>Upcoming Events</u>	The Chair highlighted the upcoming events.	
7. <u>ADJOURNMENT</u>	There being no further business, the meeting was adjourned at 2:51 p.m.	

Respectfully Submitted,

PAC Chair

4A. PAO Parcel Splits and Combinations Follow Up Discussion

SUMMARY

At the March 4, 2024 PAC meeting, Sara Howard, Assistant Director of Land Records for the Property Appraiser's Office's (PAO), led a discussion regarding common issues, processes, and best practices for processing parcel split and combination requests.

At the request of the PAC members, Ms. Howard committed to modifying the parcel combination form and reviewing the changes with the PAC.

Ms. Howard will review the changes to the form and lead any further discussion as deemed appropriate.

PARCEL COMBINATION REQUEST

Requests for parcel combinations may be submitted by property owners or agents. This request shall be submitted for review to the GIS/Mapping Department. The requirements that follow are required (Section 2 only if one parcel has homestead exemption) and granting of a combination will remain at the discretion of the Property Appraiser’s office. The combination of these parcels may have an impact on taxable value, exemptions, capped value and/or taxes. This office does not determine whether a parcel(s) meet legal requirements for development purposes. You may contact the county or municipality governing the property for verification.

Section 1 – Eligibility. Please answer the following:

- | | | | |
|---|-----|----|-----|
| 1. Have you obtained approval from the Building/Zoning Department?
If yes, please attach copies of the approval. | Yes | No | |
| 2. Is title to parcels/units in same ownership and tenancy status of record? | Yes | No | |
| 3. Are all parcels in the same municipal/taxing district? | Yes | No | |
| 4. Are all properties contiguous (legally and/or physically)? | Yes | No | |
| 5. Are all current and delinquent taxes due paid? | Yes | No | |
| 6. Has lender provided written consent to combine properties? | Yes | No | N/A |
| 7. Confirm commercial parcel is not being joined with homestead parcel? | Yes | No | |
| 8. Are condominium units physically joined? | Yes | No | N/A |
| 9. If one of the parcel(s) is residential, does it have homestead exemption?
If so, please complete Section 2. | Yes | No | N/A |

If you answered ‘No’ to any of the above questions,  you are not eligible to combine parcels.

Reason for Request:

Section 2 – Homesteaded Parcels Only. You have requested we combine the referenced parcels into one parcel for the tax roll: one of which is receiving the Homestead Exemption and related Save Our Homes assessment benefit. Please answer the following questions and attach any supporting documentation.

- | | | |
|--|--------|----------|
| 1. Is the contiguous property vacant or improved with buildings? | Vacant | Improved |
| 2. Does anyone reside at the secondary building?
If ‘yes’, who resides there? | Yes | No |
| 3. Is the secondary parcel/building rented? | Yes | No |
| 4. How are you utilizing the secondary parcel/building? | | |
| 5. Are utilities turned on for the secondary building?
If ‘yes’, whose name(s) is on the account? | Yes | No |

6. What are your plans for the secondary building/parcel?

7. Do you plan to demolish the secondary building? Yes No
If yes, when?

Section 3 - Property Information: Provide multiple site addresses if assigned, indicating main property address and checkmark which parcel(s) have homestead exemption (HX). Attach sheet with additional parcels if necessary.

HX?	Parcel ID	Address
-----	-----------	---------

Section 4 - Affidavit

If applicable, authorize the Pinellas County Property Appraiser to obtain information to determine my eligibility for Homestead Exemption. I understand that under [Section 196.131\(2\), Florida Statutes](#), any person who knowingly gives false information to claim Homestead Exemption is guilty of a first-degree misdemeanor, punishable by imprisonment up to one (1) year, a fine up to \$5,000 or both.

Under penalties of perjury, I declare that I have read the foregoing affidavit and the facts in it are true. I further understand that if the Property Appraiser determines that for any year within the prior 10 years, I was not entitled to receive this exemption, my property shall be subject to the taxes exempted, plus 15% per annum and a penalty of 50% of the taxes exempted.

Current owner(s) of record, or agent with a power of attorney, must sign request.

4B. Scenic Noncommercial Corridor Adoption Standards

SUMMARY

The purpose of the Scenic/Noncommercial Corridor designation is to guide the preservation and enhancement of scenic qualities, ensure the integrity of the Countywide Plan Map, and maintain efficient traffic flow along these significant roadway corridors in Pinellas County. Additionally, these corridors are further regulated using the following subcategories: Rural/Open Space, Residential, Mixed Use, Unique/Scenic View, or Enhancement Connector. The specific corridor subcategories are identified on the Scenic/Noncommercial Corridor Map. The Countywide Rules has standards for reviewing a Countywide Plan Map amendment within a Scenic/Noncommercial Corridor, as well as standards for the expansion of the corresponding subcategory.

Forward Pinellas has recently created a process for the adoption of a new Scenic/Noncommercial Corridor. Adopting a new Scenic/Noncommercial Corridor will be reviewed as a Tier II amendment and shall follow the amendment review process set forth in Section 6.1.2.2. Below are additional review criteria and applicable submittal requirements that will be added to the Rules with our next package of amendments.

Adoption of a New Scenic/Noncommercial Corridor:

The following criteria shall be considered by the Pinellas Planning Council and Countywide Planning Authority, in concert with other consistency and amendment criteria, in the review of an application by local government for amendment of the Countywide Plan Map to create a new Scenic/Noncommercial Corridor:

- A local future land use map or special area plan amendment that adopts a new Scenic/Noncommercial Corridor is classified as a Tier II amendment and shall follow the amendment review process set forth in Section 6.1.2.2.
- Each new Scenic/Noncommercial Corridor shall be classified with a subcategory based on the criteria of Part III of the Scenic/Noncommercial Corridor Element (Countywide Plan Appendix C).
- The requested subcategory shall be clearly indicated and considered per the consistency guidelines outlined in Table 6-4.
- The corridor shall be depicted on the Countywide Plan Map and Submap No. 1, entitled *Countywide Scenic/Noncommercial Corridor Map*.

- In addition to the submittal requirements of Section 6.1.3.2, Section 6.2.3.1, and Section 6.2.3.2, amendments proposing the creation of a new Scenic/Noncommercial Corridor must include a supplemental document addressing how the proposed Scenic/Noncommercial Corridor meets the principal objectives of Scenic/Noncommercial Corridor designations as described in Section 6.5.4.1.2.

4C. Advantage Pinellas Housing Action Plan Update

SUMMARY

Beginning in November 2023, Forward Pinellas staff committed to giving the board bimonthly updates about implementation of the [Advantage Pinellas Housing Action Plan \(HAP\)](#), which creates a countywide policy framework for the creation of diverse housing options affordable to households with a range of incomes. The updates will include progress reports on implementation projects, reports from our partner communities, input from stakeholders in the community, and informational briefings on specific housing topics.

At the March board meeting, staff provided an informational briefing on issues related to senior housing and how those needs relate to the larger HAP implementation process. Staff will give the same presentation at the April PAC meeting.

4D. Legislative Update

SUMMARY

The 2024 State Legislative Session ended on March 8th, with 325 bills passed. Forward Pinellas staff have been tracking a number of bills with implications for local land use and transportation planning efforts, many of which passed.

Staff will present a summary of significant bills that passed, including proposed new state preemptions, as well as those that failed. Major topics addressed by the Legislature this year included local transportation planning, affordable housing (including amendments to last year's Live Local Act), and required expediting of building permits.

4E. National Fitness Campaign Grant

SUMMARY

Forward Pinellas has been notified of a grant opportunity by the National Fitness Campaign (NFC), an organization which works with municipalities to plan, design, and assist with the funding of outdoor fitness courts, aimed at locations within a 10-minute bike ride of residents in a community. Grant applications are open currently and Forward Pinellas have had an initial briefing call with the NFC to better understand the grant. Listed below are key information about the grant opportunity:

- Applications for funding are currently open
- Total cost of fitness facility is approximately \$150,000. NFC provides approximately \$50,000 of this funding
- Funding is provided on 'discount' basis, meaning NFC simply subtracts their funding amount from the total. The municipality provides the remaining funding with local dollars.
- Fitness facilities are usually expected to be constructed within the same year of funding

Forward Pinellas staff receive information about several grant opportunities, and will conduct our due diligence in informing yourselves as local partners about funding opportunities available to you. If any local government is interested in this grant or future grants, we are willing to discuss how we can assist with the grant application process, especially as it relates to countywide priorities.

Interested local governments can contact Nousheen Rahman, Principal Planner at nrahman@forwardpinellas.org and we can connect you to NFC staff.
