## Bike Your City Self-Guided Scavenger Hunt

# STEP 1

Receive Scavenger Hunt Locations after registering on Eventbrite throughout the month of March.

# STEP 3

Print out the scavenger hunt list OR use your cell phone to indicate you have found each location.

## RULES

- No Nighttime Participation.
- Practice COVID-19 Safety Measures.
- Adhere to the Biking and Walking Safety Tips!

# STEP 2

Locate 20 scavenger hunt destinations! Bike, walk or roll with your safety gear and find the treasures hidden in your neighborhood.

# STEP 4

Take a "selfie" of you or your bike at each location. Track your ride by:

- Using the online form at: [forwardpinellas.org/bikeyourcity](http://forwardpinellas.org/bikeyourcity)
- Filling out the hard-copy form and emailing it to: [info@forwardpinellas.org](mailto:info@forwardpinellas.org)

## WHAT'S YOUR CYCLE PLAN?

Before you leave for your biking adventure, consider these tips to enjoy your ride safely.

**1 KNOW YOUR ROUTE**

Plan your route in advance and choose the safest route with bike facilities and slow speeds. Also, tell someone where you plan to ride and when you will return.

**2 CHECK YOUR EQUIPMENT**

Choose a bike that fits you and you can ride comfortably. Before you leave, check the air in your tires, your brakes and overall functionality of your bike. Be aware of bike repair stalls and if possible, carry your own repair kit.

**3 STAY HYDRATED**

Biking in Florida requires staying hydrated. Bring your own water on your ride and secure it in a backpack or securely strapped to your bike.

**4 WEAR PROTECTIVE GEAR AND DITCH THE HEADPHONES**

Stay safe and wear a bike helmet! Also, wear bright, colorful and reflective clothing. No matter the situation, do not wear headphones while biking. It prevents you from riding safely.

**5 AVOID RIDING AT NIGHT**

The majority of fatal bicycle crashes occur between 6PM and 3PM. Avoid riding at night or before the sun sets. If you do ride when it is not daylight, ensure you use a front and rear bike light set.

**6 ASSUME ALL OTHER VEHICLES DO NOT SEE YOU**

It is dangerous to assume all other vehicles do not see you. Assume that cars turning right do not see you before they turn, assume that parked cars could have doors open, and cars from driveways do not see you. Ride with caution and stay calm.

# Community Art Yard Signs

**SAFE  
STREETS  
PINELLAS**

Why should you use  
"crash" instead of  
"accident"?
