**FORWARD PINELLAS
PUBLIC PARTICIPATION PLAN
EVALUATION REPORT**

Summary

The Forward Pinellas Public Participation Plan (PPP) guides the agency's public involvement efforts in its role as the metropolitan planning organization (MPO) for Pinellas County. Pursuant to federal requirements governing MPOs, the plan sets forth the agency's public participation goals and objectives and identifies the tools and strategies that are utilized to engage citizens in its planning process. The goals of the PPP are listed below.

- 1) Comply with the public participation requirements of the Fixing America's Surface Transportation Act (FAST) [23 U.S.C. 134/49 - U.S.C. 5303 (i) (5), (i) (6), and (j)(4); 23 U.S.C. 135/49 U.S.C. 5304 (f)(3) and (g)(3)]; and with Title VI of the Civil Rights Act of 1964, the Limited English Proficiency requirements of Executive Order 13166, and the Americans with Disabilities Act of 1990, as it pertains to the traditionally underserved population.
- 2) Identify public priorities and perspectives regarding transportation issues and topics addressed by Forward Pinellas in its plans, projects and policies.
- 3) Inform and educate citizens on transportation matters related to the Forward Pinellas planning program.
- 4) Maintain active partnerships with civic groups, business organizations, local governments, neighboring MPOs and other local, regional and statewide public agencies in the implementation of the Public Participation Plan.

Implementation of the PPP includes monitoring activities to gauge the effectiveness of the plan in achieving its goals and objectives. This includes the production of an evaluation report following adoption of the Long Range Transportation Plan (LRTP) every five years. The most recent evaluation report was completed in 2015 following the adoption of the 2040 LRTP in the prior year.

This PPP Evaluation Report focuses on the agency's public involvement activity from 2017 to 2019. In terms of public outreach, 2016 was a transitional year for the agency so it is not included in the time period considered in this evaluation. In that transitional year, the newly unified board of the Pinellas County MPO and Planning Council, which merged in 2015, agreed to brand the agency as "Forward Pinellas." The branding effort was followed by the launch of several public outreach initiatives associated with introducing the agency and its new role to the public. This included a new website, regular blog posts, an annual report and an expanded presence on social media.

Public participation activity carried out by Forward Pinellas from 2017 to 2019 revolved around the agency's "SPOTlight" initiative and the development of the 2045 LRTP, "Advantage Pinellas." The SPOTlight initiative focused on three major planning or "emphasis" areas. These included US 19 Visioning, the Gateway Master Plan and Beach Community Access. "Advantage Pinellas" re-envisioned the LRTP process as a tool for building on the strengths and unique advantages of Pinellas County from the standpoint of mobility, economic development, tourism, the natural environment and land use. The policy framework and transportation improvements identified in the plan reflected this approach. The Advantage Pinellas Plan was adopted in November 2019. SPOTlight activity continued into 2020.

Citizen participation was a critical element in the planning activity of the emphasis areas and the development of the Advantage Pinellas Plan during these years. To provide opportunities for local residents to learn about and shape the outcome of these planning efforts, Forward Pinellas carried out a robust citizen participation program that included conducting public workshops, staff participation at citizen and business group meetings, social media outreach, assembling and coordinating focus group meetings, and staff interaction with local residents at various public events around the county.

In contrast to the 2015 Evaluation Report, this one is utilizing a tabular format intended to more closely align the agency's public outreach activity and accomplishments with the strategies and measures identified in Appendix A of the PPP. Any changes to the Appendix require amendments to be approved by the Forward Pinellas Board. Although updates to the narrative sections of the PPP are necessary to reflect current public involvement practices of Forward Pinellas, based on the results of this evaluation, no PPP amendments are recommended.

Objectives, Strategies and Measures of Effectiveness (MOE)

Objective	Strategy	MOE	MOE Accomplishments/Comments															
<p>1) Raise the level of public awareness of Forward Pinellas and understanding of the transportation planning process in the County and region. Provide opportunities for interested citizens to participate in the MPO planning process.</p>	<p>1.1) Develop and publish printed materials that highlight the functions, activities and accomplishments of Forward Pinellas related to land use as well as transportation planning.</p>	<p>1.1) None</p>	<ul style="list-style-type: none"> Since 2016, Forward Pinellas has released an annual report that describes the agency’s activities and noteworthy accomplishments from the prior year. The report is presented to the Board in January or February each year and is subsequently made available to the public through social media and on the Forward Pinellas website (see link below for the 2019 report). https://forwardpinellas.org/wp-content/uploads/2019/12/AnnualReport2019.pdf Forward Pinellas will be working with its communications consultant in 2020 to develop a brochure with information on the basic responsibilities and functions of the agency. This will be utilized to increase the awareness of the public about the purpose and role of Forward Pinellas. 															
	<p>1.2) Maintain and enhance website with interactive features that allow for easy access to topics and documents, encourage feedback and provide an enhanced user experience.</p>	<p>1.2) Annual increases in number of website hits</p>	<ul style="list-style-type: none"> The 2015 PPP Evaluation Report indicated there were approximately 24 thousand unique page views on the website in 2014. Listed below are the annual and average daily unique page views for 2017 to 2019 and the percentage increase in annual views from the previous year. The annual views reported for 2017 were more than twice as high as 2014. <table border="1" style="margin-left: auto; margin-right: auto;"> <thead> <tr> <th>Year</th> <th>Annual Views</th> <th>Avg. Daily Views</th> <th>Increase</th> </tr> </thead> <tbody> <tr> <td>2017</td> <td>50,911</td> <td>139</td> <td>--</td> </tr> <tr> <td>2018</td> <td>60,515</td> <td>166</td> <td>19%</td> </tr> <tr> <td>2019</td> <td>68,015</td> <td>186</td> <td>12%</td> </tr> </tbody> </table>	Year	Annual Views	Avg. Daily Views	Increase	2017	50,911	139	--	2018	60,515	166	19%	2019	68,015	186
Year	Annual Views	Avg. Daily Views	Increase															
2017	50,911	139	--															
2018	60,515	166	19%															
2019	68,015	186	12%															
	<p>1.3) Participate in citizen and business group meetings and community events displaying and providing transportation planning and/or project information</p>	<p>1.3) Participate in a minimum of 24 group meetings of citizens or businesses and community events per year. This includes meetings where Forward Pinellas staff is invited to speak or</p>	<ul style="list-style-type: none"> From 2017 to 2019, Forward Pinellas staff participated in an average of 38 business group meetings, 81 citizen group meetings and 32 public events and workshops per year. The meetings included those where Forward Pinellas staff conducted a presentation; served on a panel; or participated in discussion of the subject matter where staff collected feedback and responded to questions.

	<p>1.4) Utilize local television and radio stations, including public access television (PCC-TV), to inform the public about transportation issues and topics and the role of Forward Pinellas</p>	<p>1.4) All Forward Pinellas Board meetings shall be televised on PCC-TV.</p>	<ul style="list-style-type: none"> Forward Pinellas Board meetings are telecast live on local cable channels 637 (Spectrum), 44 (Frontier) and 18 (WOW!). The telecasts are produced by the Pinellas County Communications Department. In addition to the Board meeting telecasts, Forward Pinellas has worked closely with local media outlets to share information about importation land use and transportation planning topics and to increase public awareness about the agency. A summary of articles and programs presenting information provided through interviews of Forward Pinellas staff and/or that presented subject matter about a Forward Pinellas initiative or program in 2018 and 2019 is provided in Table 2. The table lists 75 media stories and programs involving staff interviews and information about agency initiatives and programs. 																									
	<p>1.5) Partner with local governments and other agencies to obtain data on public opinions relative to the LRTP</p>	<p>1.5) The LRTP shall include public input resulting from survey and outreach activities of Forward Pinellas’ partner agencies, including FDOT District 7, PSTA, TBARTA, and local governments.</p>	<ul style="list-style-type: none"> Listed below are descriptions of surveys conducted by partner agencies from 2017 to 2019. The results of these surveys were considered in the development of the Advantage Pinellas Plan and other Forward Pinellas planning initiatives. <ul style="list-style-type: none"> PSTA Onboard Survey – collected responses from 5,100 participants. Conducted in 2018, information obtained from the survey included the frequency of transfers needed to complete a trip, trip purpose, first mile/last mile modes, other travel options available, type of fare

Objective	Strategy	MOE	MOE Accomplishments/Comments
			<p>mediums, how often they use the system and how they get information about PSTA services.</p> <ul style="list-style-type: none"> ○ Community Health Assessment – survey conducted by phone and developed by the University of South Florida College of Public Health, Florida Department of Health in Pinellas County, Foundation for a Healthy St. Petersburg, and other community stakeholders. It was conducted in Pinellas County in 2017 with 702 respondents. ○ Visit St. Petersburg/Clearwater Visitor Profile - 428 Pinellas County visitors were surveyed by Destination Analysts, Inc. in 2017 for demographic information and their trip characteristics and expenditures. ○ Citizen Value Surveys - conducted annually by Pinellas County to gauge the perspective of county residents on issues affecting their quality of life. A total of 800 residents responded to the 2019 survey. ○ Comprehensive Regional Workforce Assessment - Pinellas County Economic Development partnered with Site Selection Group, a location advisory firm, to conduct a countywide workforce assessment in 2017. It collected data on commuting patterns, skill shortages and surpluses, and other factors influencing company decisions regarding expansion and re-location. ○ It's Time Tampa Bay – This was a regional transportation survey conducted in 2018. It was a partnership effort involving Forward Pinellas and the Pasco and Hillsborough MPOs. It's described in more detail under MOE 1.7. In addition to the information provided from Pinellas County participants, Forward Pinellas also analyzed and considered the results of the Pasco and Hillsborough respondents in the development of the Advantage Pinellas Plan.

Objectives, Strategies and Measures of Effectiveness (MOE)

Objective	Strategy	MOE	MOE Accomplishments/Comments
	<p>1.6) Utilize social media to inform citizens of transportation issues and topics relevant to the Forward Pinellas planning program and provide opportunities for feedback</p>	<p>1.6)</p> <ul style="list-style-type: none"> • Annual increases in number of interactions on the Forward Pinellas Facebook page and individual posts • Annual increases in number of Twitter followers 	<ul style="list-style-type: none"> • There were 417 likes on the Forward Pinellas Facebook page in 2014. By 2020, there were 1,243 likes on the page. • There was also a significant increase in activity on the page from 2018 to 2019. The number of people reached by the agency’s Facebook posts in 2019 was 49,756, more than three times higher than that the 16,440 the page reached in 2018. • The number of people who engaged (i.e., clicked on or responded to) with a Forward Pinellas Facebook post in 2019 was 11,266, more than three times higher than the 3,605 engagements recorded in 2018. • Tables 3A (2018) and 3B (2019) provide a description of the Forward Pinellas Facebook posts that attracted the highest reach totals in 2018 and 2019. The posts that garnered the most interest in both years were related to efforts to encourage people to participate in surveys associated with the long-range transportation plans of Pinellas County and its partner MPOs in Hillsborough and Pasco counties. • In 2014, Forward Pinellas had 150 Twitter followers. The number increased to 857 in 2019.
	<p>1.7) Utilize Forward Pinellas survey instruments as well as those distributed and collected by partner agencies to assess public input on issues and topics associated with the LRTP and related programs</p>	<p>1.7) Obtain multiple survey responses from each of the County’s 14 planning sectors during the five-year periods preceding adoption of the LRTP.</p>	<ul style="list-style-type: none"> • Forward Pinellas launched two major survey efforts in 2018 and another in 2019. These included the “It’s Time Tampa Bay” and the Forward Pinellas Transportation Planning surveys in 2018 and the Advantage Pinellas Needs Survey in 2019. Data compiled from the results of the three surveys informed the policies and transportation improvements identified in the Advantage Pinellas Plan. • “It’s Time Tampa Bay” was a regional survey conducted through a partnership effort involving Forward Pinellas and its neighboring MPOs in Hillsborough and Pasco counties. The survey collected input from 6,544 people in the Tampa Bay area, including 1,731 from Pinellas County. The

Objectives, Strategies and Measures of Effectiveness (MOE)

Objective	Strategy	MOE	MOE Accomplishments/Comments
			<p>survey questions focused on the long-range planning needs of the three counties.</p> <ul style="list-style-type: none"> • The Forward Pinellas Transportation Planning Survey was conducted by the Kansas-based ETC Institute. There were 844 participants. This survey was designed to assess the priorities of local residents in terms of land use, mobility and quality of life concerns. • The purpose of the Advantage Pinellas Needs Survey was to collect citizen feedback on their preferred mobility options and the types of transportation improvements they wanted to see funded in Pinellas County. There were 4,817 survey respondents. • Tables 4A - 4C show the geographic locations of the people who participated in the three surveys by planning sector. It should be noted that the tables only reflect the survey respondents who provided their zip code information. With the exception of the East Lake Tarpon area related to the It's Time Tampa Bay Survey, all of the county's 14 Planning Sectors were represented in the three surveys. The highest levels of participation in each of the surveys came from the St. Petersburg/Gulfport area. <ul style="list-style-type: none"> ○ Table 4A - It's Time Tampa Bay Survey (home locations). ○ Table 4B - Transportation Planning Survey (work locations). ○ Table 4C - Advantage Pinellas Needs Survey (home locations).
	<p>1.8) Distribute survey instrument to attendees of Forward Pinellas sponsored public outreach events to assess the information presented and provide opportunity for them</p>	<p>1.8) Completed survey forms from at least 75 percent of attendees</p>	<ul style="list-style-type: none"> • Figure 1 is the evaluation form that is distributed to attendees as they arrive at public workshops held by Forward Pinellas. Input received from the workshop attendees helps Forward Pinellas assess the effectiveness of the workshops. The percentage of attendees completing and submitting the comment cards typically exceeds 90 percent.

Objectives, Strategies and Measures of Effectiveness (MOE)

Forward Pinellas Presentation Evaluation

Please take a few moments to complete this survey and return to Forward Pinellas staff. Your comments will allow Forward Pinellas to better serve your needs and address your concerns in the future. Thank you!

Please rate the following statements (check one):

	Strongly Agree	Agree	Disagree	Strongly Disagree	No Opinion
1. The meeting location was convenient					
2. The materials provided by Forward Pinellas, and other participating agencies if present, were easy to understand					
3. The materials were clearly presented					
4. There was sufficient opportunity for me to provide feedback					
5. Overall, the information presented was informative					

How did you hear about the meeting?

Is there anything else you would like Forward Pinellas to know?

For more information on Forward, please visit our website at www.forwardpinellas.org, email info@forwardpinellas.org, or call (727) 464-8250.
